COMPLAINT/Motion/Answer

I Doreen Crosby am suing the ~~Def~~endants for not asking for my permission to use my Patent Called Push Auto Flame. I Doreen Beryl Crosby would like all money the prior defendants were awarded for my patent that they unlawfully used while my patent was still being used in my name: Doreen Beryl Crosby and I would also like to be awarded for the pain and suffering they caused me and my family not paying me my money from my patent that I Doreen Beryl Crosby invented all by myself.

Respectfully Submitted

## PROVISIONAL APPLICATION FOR PATENT

### INVENTION TITLE

Push auto flame is a product that can be used for all fire starting devices to ignite a flame fast by one push.

### BACKGROUND OF THE INVENTION

Problem Solved: allot of people in America light up things with a match or lighter it's not easy to light a flame

sometimes lighters and matches make it hard to ignite a flame

you push and instantly it ignites a flame

### DETAILED DESCRIPTION OF THE INVENTION

As stated above, allot of people in America light up things with a match or lighter it's not easy to light a flame The invention claimed here solves this problem.

this device lights up anything automatically with one push so it's easy to start a flame

The claimed invention differs from what currently exists. you push a button, and it ignites a flame for a long period of time

This invention is an improvement on what currently exists. you push a button, and it ignites a flame for a long period of time

it's not easy to use

you push and instantly it ignites a flame

Also, it can produce candles, heaters for outside with kerosene, fire pits and chimneyed and other fire light up devices like tiki torches

### The Version of The Invention Discussed Here Includes:

1. 6

### Relationship Between The Components:

any fire starting device you ignite a flame with this push start device you just need a metal air way going through from middle to the top of a candle a push button connected to the bottom of the candle kerosene or lighter fluid depending on the device as soon as you push the button it ignites a flame

ABSTRACT

Push auto flame is a product that can be used for all fire starting devices to ignite a flame fast by one push is disclosed. you push and instantly it ignites a flame
