Custodian/ Acting registrar general of vital statistic /Director

150 Mt Vernon St

Dorchester mass (02125)

EVERYTHING IN THIS DOCUMENT IS CORRECT AND TRUE TO THE BEST OF MY KNOWLEDGE,
UNDER THE PAINS AND PENALTIES OF PERJURY, SO HELP ME GOD.

On or around the date 12/02/2021 I sent constructive notice to the registrar general of vital statistic, demanding that my ownership interest is superiors to their claim to the documents in question. It has come to my attention that this organization is selling the same named property as my trademark name and profiting from the said name, by offering to the public counterfeit copies of the original, which dilutes the mark and confuses who is the source of the goods or services. The document(s) in question are my intellectual property and is located at the address's above filed on 4/7/1981 with the registered number 2720 and my children are also my property as well. I believe that the STATE AND FEDERAL GOVERNMENTS have executed and enforced an adhesion contract on me and my family and

Notice of and for injunctive relief under
15 U.S. CODE ss 1116 injunctive relief

ever one in this country. It is my duty to object, it is in my religion convictions to do so as well, the bible is plain as day when it says" one can't serve two masters for, he will love the one and despise the other", the government(s) are not my master, only God almighty is. I wish to void this unconscionable contract because they had me involved in this contract since I was born and no binding contract can be exerted on a child, the governments have a great deal of power and influence over the people, and everyone knows this fact.

I am looking to enjoin the department of vital statics from profiting from the sale and to return the original to the principal owner, which is me, the true beneficiary of the document and of the proceeds from the sale of counterfeit documents etc. I also demand treble damages in accordance with damages under section 284, attorney fees under 285 and additional remedy for infringements or design patent under section 289. I also wish to enjoin all corporation state and federal, from profiting from my intellectual property. I feel that this case should be granted in my favor through summery judgement because the opposite would be to consider that I am a slave to these government(s) organizations and who ever pays for the rights to tax the entity on the document. I believe slavery is outlawed in this country, I move this court to approve summery judgement in this matter, anything else with be unethical and aid in violation of the Lanham act 1881. I feel it is appropriate to grant permanent injunction because there is a threat of violence from an advisory such as the federal and state government to enjoin them permanently because once the case is over retaliation would be most likely to ensue. I have been unilaterally banned from possessing firearms by the Boston police licensing unit under Lt. Mc Donough who said, and I quote "if I applied again, he would say no, and I would waist my time and money". I have never been convicted of a felony ever.

I need a permanent injunction from the department of vital statistics and the Boston police licensing unit namely Lt. Mc Donough and any other corporation in the business of making money from using my tradename for profit and gains.
