UNITED STATES DISTRICT COURT  
WESTERN DISTRICT OF WASHINGTON

JFXD TRX ACQ LLC, dba TRX, a Florida  
Limited Liability Company,

Plaintiff,

v.

QING DAO LAN JING LING  
JIAJUYOUXIANGSI, dba Lecardio,

Defendant.

Case No.:

**COMPLAINT FOR DESIGN PATENT  
INFRINGEMENT**

**JURY TRIAL DEMANDED**

Plaintiff, JFXD TRX ACQ LLC, (“TRX” or “Plaintiff”), by its attorneys, Lane Powell  
LLP, and in support of its Complaint against QING DAO LAN JING LING JIAJUYOU XIANG  
SI, (“Lecardio” or “Defendant”), alleges as follows:

**NATURE OF THE ACTION**

TRX brings this action against Defendant regarding the making, using, selling, and/or  
importation of products that infringe TRX’s intellectual property rights and other practices that  
amount to unfair competition.

1. Several products offered for sale by Lecardio at least on the Amazon.com®  
website infringes multiple design patents owned by TRX. One such product is labelled as

1 “LECARDIO Resistance Band Handles” with the unique product (ASIN) number  
2 B0BQ2VD9DX (the “Accused Black Product”). A copy of the webpage is attached as Exhibit  
3 A1. This product is also offered in a related ASIN B0CM5T5VP8 (the “Big Black Accused  
4 Product”). A copy of the webpage is attached as Exhibit A2.

5 2. A second such product is labelled also called “LECARDIO Resistance Band  
6 Handles” is sold with the unique product (ASIN) number B0C23BJX5T (the “Orange Accused  
7 Product”). A copy of the webpage is attached as Exhibit B.

8 3. Also, a third offering is labeled “Two Pairs of LECARDIO Resistance Band  
9 Handles” made of a set of the Accused Black Product and the Big Black Accused Product and  
10 sold under ASIN No. B0CWQ3G42B (the “Pair of Accused Products”). A copy of the webpage  
11 is attached as Exhibit C. The four products shown at Exhibits A1, A2, B, and C collectively the  
12 “Accused Products.”

13 4. The Amazon.com® website indicates that the Accused Black Product was first  
14 made available on December 14, 2022. The Orange Accused Product was first available on April  
15 11, 2023, the Big Black Accused Product was first made available on October 31, 2023, and the  
16 Pair of Accused Products went live on February 29, 2024. At the earliest, the Accused Products  
17 date back to 2022.

18 5. Recently, the infection continued as the Orange Accused Product appeared on  
19 “ibspot.com” an online marketplace. A copy of the webpage is attached as Exhibit G. The  
20 Accused Black Product is sold on Google.com/shopping. A copy of the webpage is attached as  
21 Exhibit H. The Accused Black Product is also sold on a home webpage at [www.lecardio.com](http://www.lecardio.com).  
22 A copy of the webpage is attached as Exhibit I. The Orange Accused Product also appears on  
23 [www.bigamart.com](http://www.bigamart.com). A copy of the webpage is attached as Exhibit J.

24 6. The Accused Products infringe at least one claim of multiple design patents  
25 owned by TRX including U.S. Pat. No. D979,676, (“the ‘676 Patent”) titled Removable Covered  
26 Simple Exercise Band Handle, filed on May 19, 2020, and issued on February 23, 2023. A copy

1 of this patent is attached as Exhibit D.

2 7. The Accused Products infringe at least one claim of multiple design patents  
3 owned by TRX including U.S. Pat. No. D980,928, (“the ’928 Patent”) titled Exercise Band  
4 Handle, filed on November 19, 2020, and issued on March 14, 2023. A copy of this patent is  
5 attached as Exhibit E.

6 8. The Accused Products infringe at least one claim of multiple design patents  
7 owned by TRX including U.S. Pat. No. D985,697, (“the ’697 Patent”) titled Exercise Band  
8 Handle, filed on May 19, 2020, and issued on May 9, 2023. A copy of this patent is attached as  
9 Exhibit F.

10 9. The ’676 Patent, the ’928 Patent, and the ’697 Patent are collectively the “TRX  
11 Design Patents.”

12 10. TRX seeks to enjoin Lecardio from infringing, and continuing to infringe on,  
13 TRX’s patents, and/or competing unfairly with TRX in violation of federal and state law, by  
14 importing, advertising, promoting, marketing, offering for sale and selling the Accused Products.

15 11. TRX also seeks the award of its damages, attorneys’ fees, costs and other relief,  
16 and an accounting and disgorgement of Lecardio’s profits.

17 **THE PARTIES**

18 12. Plaintiff, JFXD TRX ACQ LLC, is a Florida Limited Liability Company having  
19 its principal place of business at 501 Palm Trail, Delray Beach, Florida 33483 and doing business  
20 as TRX. TRX sells its products in the United States and around the world including on the website  
21 Amazon.com® located in this State.

22 13. Upon information and belief, Lecardio is a Chinese entity having given  
23 Amazon.com® an address of No. 117-1 Yanyang Road, Qingdao City, Chengyang District,  
24 Shandong Province, 266109, China. The website [www.lecardio.com](http://www.lecardio.com) is owned by Qingdao Blue  
25 Elf Co., Ltd. (assumed to be a dba) located at 177-6 Yanyang Road, Chengyang District  
26 QingDao, 266109, Shandong, China. (Phone +86 17685770215, email [info@lecardio.com](mailto:info@lecardio.com)).

**JURISDICTION AND VENUE**

1  
2 14. This Court has jurisdiction over the subject matter pursuant to 28 U.S.C. §§ 1331  
3 and 1338 because one or more counts arise under the laws of the United States and more  
4 particularly 35 U.S.C. § 271 (The Patent Act).

5 15. Upon information and belief, Lecardio sells the Accused Products in this judicial  
6 district and others via at least Amazon.com in the United States. (See Exhibit A-C). Upon  
7 information and belief, Lecardio has entered into contracts with customers, including  
8 Amazon.com, in this judicial district and consented to jurisdiction in this judicial district. Upon  
9 information and belief, Lecardio has sold and advertise the Accused Products in this judicial  
10 district.

11 16. Venue is proper in this judicial district under at least 28 U.S.C. § 1391(c)(3).

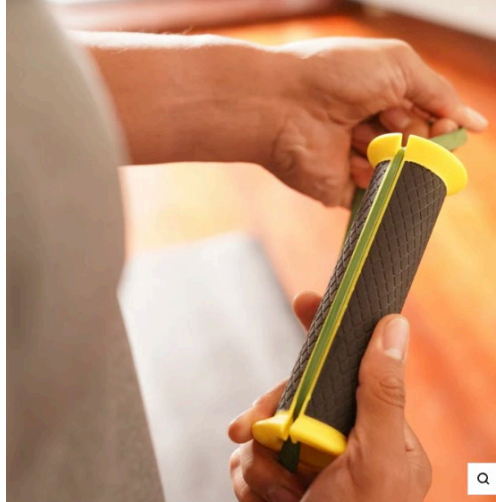

**FACTUAL ALLEGATIONS**

12  
13 17. In 2020, Randal Hetrick, the famous inventor of the TRX Suspension Training®  
14 - a strap-based system for exercise - once again changed the way professional gyms would offer  
15 services. He invented the next practical gym tool, the BANDIT®. The latest patented invention  
16 is a hand-held handle, similar to the handle on the TRX Suspension Training® but for use in  
17 tandem with exercise bands. The bands, often of different colors each indicating a level of  
18 resistance, slides into the handle or pair for exercise. In 2020, TRX released the product to the  
19 market and began to educate gym owners of their value.

20 18. In parallel, TRX applied both at the International LaHague design patent system  
21 for protection and at the U.S. Patent Office. After years of careful review, in the United States,  
22 the '676 Patent, the '928 Patent, and the '697 Patent were granted.

23 19. This invention has an effective priority date of 2020, and statutory protection and  
24 exclusive rights were granted in 2023.

The Patented Bandit®

20. Unsurprisingly, infringements now are surfacing as foreign bad faith actors learn of the product and the demand being created by TRX in the market. As the Accused Black Product first appeared on Amazon.com®, TRX immediately tried to use the Amazon Brand Enforcement tool and requested takedown. The same way in 2014 Amazon.com® asked TRX to initiate action on its first utility patent protection and secure a valuable precedent, today Amazon.com® needs TRX to push the doors of this Court to secure a precedent in the slightly world of design patents.

21. TRX, as a whole, and the world of fitness generally, is filled with infringers, copiers as this technology rarely includes costly software or electronics. To show the industry, TRX has taken as of this day off the internet well over 24,000 URL's worldwide with infringers of its products over the past 16 months. The Defendant is unsurprisingly in China and uses online portals to infringe into this jurisdiction.

22. Upon information and belief, the Defendant has no brick & mortar store and does not have a registered U.S. entity in any state.

23. Design and non-functional features of the Bandit®, found on the product sold and/or the issues patents in suit are numerous. For example, (a) while the elastic bands are rectangular in shape, the central opening and the external grip are both circular in shape, (b) the

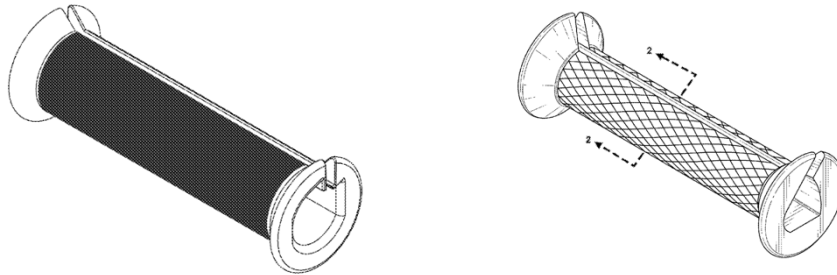

1 ratio of width over diameter is approximately 3 to 1, (c) the width across a hand is longer than a  
2 hand at around 145 mm, (d) on both sides of the width, an end portion offers a design element,  
3 (e) the design element protrudes out by about 5 mm radially or about 20%, (f) the design element  
4 is an angled and rounded lip, (g) the thickness of the tube is about 3 mm, or about 10% of the  
5 thickness of the handle, (h) the outside grip area includes a motif at the hand hold position, (i)  
6 the motif covers radially the entire surface, (j) the design element lip is found all around the  
7 radius at both ends, (k) the central portion differs from the side protrusions, (l) the opening for a  
8 band has a fixed distance around 6 mm, (m) the opening is longitudinal, (n) the side lips have a  
9 bent internal edge.

10 24. Also important is that the Bandit® when in use is a small, hand-held rounded shell  
11 with end lips designed to recreate the TRX main product shown below to the right to help users  
12 of the Suspension Training® used to holding the product.

21 Left the Bandit® and Right the Suspension Training®

1 25. The patented designs cover several internal apertures, several middle textures, and  
2 several small variations in design features. The protection is not limited to certain colors or  
3 textures. Below are the products as shown:

Two Design Patents

10 26. The accused products sold by Lecardio include all of the features listed above and  
11 recreate a product with a similar show. shows the following product identical in all aspects or  
12 substantially identical to a point of confusion with the patented designs:

The Lecardio Products

22 27. The Accused Products are substantially identical to the patents of TRX and more  
23 importantly to the ordinary observer. Here, in the eye of an ordinary observer, giving such  
24 attention as a purchaser usually gives on Amazon.com or in the field of fitness, the two designs  
25 are substantially the same, such to deceive an observer and resulting in users thinking they have  
26 purchased one thinking it is the other. Even looking at element-by-element between the patented

1 design and the accused products, all design features are incorporated and present.

2 28. TRX has spent substantial resources protect and patent these designs in the United  
3 States and must stop continual and on-going infringement by copy-cats, counterfeiters, and  
4 infringers that seek to profit from TRX's substantial goodwill and status in the marketplace to  
5 the detriment of TRX. Defendant is an infringer that has created and launched the Accused  
6 Products at this time to prey off the goodwill TRX has generated in the marketplace.

7 29. On information and belief, Defendant is a chronic and continued repetitive  
8 infringer on Amazon.com and other online platforms and continues to sell a product shown at  
9 Exhibits A-C, which incorporates the TRX design patent features.

10 30. TRX became aware that Defendant was selling the Accused Products that infringe  
11 TRX's patents.

12 31. Defendant is a chronic infringer, which produced and sells the Accused Product  
13 for the sole purpose of infringing the technology.

14 32. The Accused Products directly compete with TRX's products.

15 33. TRX marks its products directly and/or virtually to provide notice to the public of  
16 its patents, including notice of the Asserted Patents.

17 34. TRX has not authorized the activity of Defendant and/or licensed the Asserted  
18 Patents to Defendant.

19 **COUNT I**

20 **(The Orange Accused Product)**

21 35. Plaintiff restates and incorporates by reference the allegations asserted in each of  
22 the preceding paragraphs as though fully set forth herein.

23 36. TRX owns the TRX Design Patents the '676 Patent

24 37. These distinctive, novel and patented design features include (a) a central opening  
25 and the external grip are both circular in shape, (b) a ratio of width over diameter is approximately  
26 3 to 1, (c) a width across a hand is longer than a hand at around 145 mm, (d) on both sides of the

1 width, an end portion offers a design element, (e) a design element protrudes out by about 5 mm  
2 radially or about 20%, (f) a design element is an angled and rounded lip, (g) a thickness of the  
3 tube is about 3 mm, or about 10% of the thickness of the handle, (h) an outside grip area includes  
4 a motif at the hand hold position, (i) a motif covers radially the entire surface, (j) a design element  
5 lip is found all around the radius at both ends, (k) a central portion differs from the side  
6 protrusions, (l) an opening for a band has a fixed distance around 6 mm, (m) an opening is  
7 longitudinal, and (n) a side lips have a bent internal edge and other unique and novel design  
8 features to be defined during the case.

9 38. Defendant sells a product called “LECARDIO Resistance Band Handles” in  
10 multiple venues including Amazon.com as ASIN number B0C23BJX5T (the “Orange Accused  
11 Product”). This product incorporate all of the design features (a) to (n) and only has minor non-  
12 material variations including a color change which is not a design and patented feature.

13 39. The Orange Accused Product includes elements of at least one claim of TRX  
14 Design Patents and the Accused Product directly infringes, and/or has induced others to infringe,  
15 and/or has committed acts of contributory infringement of the claims of the TRX Design Patents  
16 in violation of 35 U.S.C. § 271 et seq. Upon information and belief, Defendant has committed  
17 acts of infringement by making, using, importing, selling, and/or offering to sell products within  
18 the United States, and/or importing products into the United States, including but not limited to  
19 the Accused Product.

20 40. Defendant will continue to infringe the TRX Design Patents unless enjoined by  
21 this Court. As a result of the infringing conduct of Defendant, TRX has suffered, and will  
22 continue to suffer, irreparable harm for which there is no adequate remedy at law. Accordingly,  
23 TRX is entitled to temporary, preliminary, and/or permanent injunctive relief against such  
24 infringement pursuant to 35 U.S.C. § 283.

25 41. As a result of Defendant’s infringement of the TRX Design Patents, TRX has  
26 been damaged, and will be further damaged, and is entitled to be compensated for such damages

1 pursuant to 35 U.S.C. § 284 in an amount that presently cannot be ascertained but that will be  
2 determined at trial.

3 42. Because Defendant knew of TRX as a market leader and because Defendant had  
4 actual and/or constructive notice of TRX's design patents, Defendant willfully infringed and  
5 continues to infringe the TRX Design Patents. As a result, TRX is entitled to trebling of damages  
6 pursuant to 35 U.S.C. § 284, and to the designation of this case as exceptional pursuant to 35  
7 U.S.C. § 285, whereby Plaintiff is entitled to an award of its attorneys' fees.

8 **COUNT II**

9 **(Accused Black Product, Big Black Product & Pair of Accused Products)**

10 43. Plaintiff restates and incorporates by reference the allegations asserted in each of  
11 the preceding paragraphs as though fully set forth herein.

12 44. TRX owns the TRX Design Patents.

13 45. These distinctive, novel and patented design features include (a) a central opening  
14 and the external grip are both circular in shape, (b) a ratio of width over diameter is approximately  
15 3 to 1, (c) a width across a hand is longer than a hand at around 145 mm, (d) on both sides of the  
16 width, an end portion offers a design element, (e) a design element protrudes out by about 5 mm  
17 radially or about 20%, (f) a design element is an angled and rounded lip, (g) a thickness of the  
18 tube is about 3 mm, or about 10% of the thickness of the handle, (h) an outside grip area includes  
19 a motif at the hand hold position, (i) a motif covers radially the entire surface, (j) a design element  
20 lip is found all around the radius at both ends, (k) a central portion differs from the side  
21 protrusions, (l) an opening for a band has a fixed distance around 6 mm, (m) an opening is  
22 longitudinal, and (n) a side lips have a bent internal edge and other unique and novel design  
23 features to be defined during the case.

24 46. Several products offered for sale by Lecardio at least on the Amazon.com®  
25 website infringes multiple design patents owned by TRX. One such product is labelled as  
26 "LECARDIO Resistance Band Handles" with the unique product (ASIN) number

1 B0BQ2VD9DX (the “Accused Black Product”). This product is also offered in a related ASIN  
2 B0CM5T5VP8 (the “Big Black Accused Product”). Also, a third offering is labeled “Two Pairs  
3 of LECARDIO Resistance Band Handles” made of a set of the Accused Black Product and the  
4 Big Black Accused Product and sold under ASIN No. B0CWQ3G42B (the “Pair of Accused  
5 Products”).

6 47. These products include substantially all elements of at least one claim of TRX  
7 Design Patents and the Accused Product directly infringes, and/or has induced others to infringe,  
8 and/or has committed acts of contributory infringement of the claims of the TRX Design Patents  
9 in violation of 35 U.S.C. § 271 et seq. Upon information and belief, Defendant has committed  
10 acts of infringement by making, using, importing, selling, and/or offering to sell products within  
11 the United States, and/or importing products into the United States, including but not limited to  
12 the Accused Product.

13 48. Defendant will continue to infringe the TRX Design Patents unless enjoined by  
14 this Court. As a result of the infringing conduct of Defendant, TRX has suffered, and will  
15 continue to suffer, irreparable harm for which there is no adequate remedy at law. Accordingly,  
16 TRX is entitled to temporary, preliminary, and/or permanent injunctive relief against such  
17 infringement pursuant to 35 U.S.C. § 283.

18 49. As a result of Defendant’s infringement of the TRX Design Patents, TRX has  
19 been damaged, and will be further damaged, and is entitled to be compensated for such damages  
20 pursuant to 35 U.S.C. § 284 in an amount that presently cannot be ascertained but that will be  
21 determined at trial.

22 50. Because Defendant knew of TRX as a market leader and because Defendant had  
23 actual and/or constructive notice of TRX’s design patents, Defendant willfully infringed and  
24 continues to infringe the TRX Design Patents. As a result, TRX is entitled to trebling of damages  
25 pursuant to 35 U.S.C. § 284, and to the designation of this case as exceptional pursuant to 35  
26 U.S.C. § 285, whereby Plaintiff is entitled to an award of its attorneys’ fees.

**JURY DEMAND**

51. TRX hereby requests a trial by jury on all issues so triable.

**PRAYER FOR RELIEF**

WHEREFORE, TRX prays:

1. That Defendant and its agents be permanently enjoined from importing, distributing, selling the Accused Products and other infringing products alone or in association with other products;

2. That Defendant be required to pay to TRX such damages as TRX has sustained in consequence of Defendant infringement of TRX patents, and to account for all gains, profits and advantages derived by Defendant as a result of their infringement and/or unfair competition.

3. That Defendant be required to pay all damages the Court deems proper within the provisions of the patent and trademark statutes.

4. That Defendant's action be deemed willful and/or exceptional and Defendant be required to pay to TRX the costs of this action and reasonable attorneys' fees.

5. Any such further relief as the Court deems appropriate and just.

### About this item

- **[Unique Lecardio Handles for Resistance Bands]** Introducing our unique Lecardio handles designed specifically to protect your hands during resistance band workouts. Please note that this product includes one pair of handles without resistance bands and is suitable for pull up assistance bands. With our high-quality handles, you can enjoy your workout without any discomfort or pain in the hands.
- **[Comfortable and Secure Grip]** Our handles are covered with TPR material, which offers the best combination of comfort, anti-slip protection, and sweat-proofing. Using resistance bands with handles will give you a comfortable and secure grip, allowing you to focus on your exercises and achieve better results. Our handles are designed to be the perfect companion for your resistance band workouts.
- **[Suitable for Resistance Bands Up to 0.74 Inches Width]** Our innovative handle design ensures a perfect fit for your resistance band. With a

**Pull Up Bands With Handles**

**Lecardio Resistance Bands**

**Lecardio Weight**

## Product Description

**Protect Your Hands and Enhance Your Workout with a High-Quality Resistance Band Handle**

Resistance bands are a fantastic way to keep in shape and build strength. However, if you've ever tried working out with resistance bands without a handle, you know that it can be uncomfortable or even painful on your hands. This is where the handle comes in.

The handle is an essential component of resistance band exercises. It is designed to provide a comfortable, non-slip grip that protects your hands from injury and helps you achieve better results during your workout.

Not only does the handle protect your hands, but it also allows you to perform a wider range of exercises more effectively. With the help of a handle, you can perform curls, stretches and other resistance band exercises with more precision and ease.

### Handles Featuring Innovative Arc Structure Design

Our smartly designed arc structure helps to keep your bands from wearing out over time, ensuring that they last longer. Say goodbye to worry of band wear and tear and hello to a longer-lasting workout experience with our resistance bands handles with arc structure design!

### Comfortable and Sweat-Proof TPE-Covered Handles

Say goodbye to uncomfortable resistance band handles! Our premium handles are covered in TPE material, the best option for comfort, anti-slip protection, and sweat-proofing. With our handles, you'll get a comfortable and secure grip during your workouts, allowing you to focus on achieving your fitness goals without any distractions.

### 3.3mm/0.13in Wide Gap

Get the perfect fit for your resistance band with our innovative handle design! Featuring a 3.3mm/0.13in gap in the middle and accommodating adaptive resistance bands up to 4.6mm/0.181in thickness, our handles are compatible with most resistance bands on the market. Whether you're a pro or just starting out, our handles will help you get the most out of your resistance band workout.

## Elevate Your Resistance Band Workout with Our Comfortable and Controlled Grip Handles - Comparable to Lifting Dumbbells!

Experience a whole new level of comfort and control with our resistance band handles! Unlike using resistance bands on their own, our handles give you a sturdy grip, allowing you to focus on your workout without worrying about slippage or discomfort. With a feel that's similar to lifting dumbbells, our handles are designed to distribute weight evenly across your hand, reducing strain and letting you work out for longer.

### Customers say

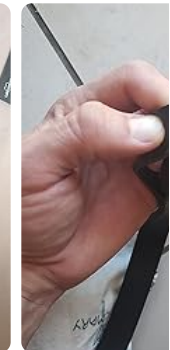

Customers like the grip, comfort, ease of use, and quality of the exercise band. For example, they mention that it provides a comfortable and secure grip, it's super easy to put on, and it'll last a long time. Customers are also satisfied with performance. That said, opinions are mixed on width and value.

 erdmann

★★★★★ **Solid Non-flexible**

Reviewed in the United States on February 24, 2024

Color: 2 Black Handles | [Verified Purchase](#)

I have already reviewed this item but I read one negative review about bands too thick to fit. Most bands do not just drop into the slot but if you stretch the band as you slip it into the slot, it gets thinner and voila, it slides right in.

|

 M.Slatton

★★★★☆ **Good grip**

Pibbibbin

★★★★☆ Beware: Opening too Narrow for Most of my Bands

Reviewed in the United States on August 22, 2023

Color: 2 Black Handles | Verified Purchase

The good news? The grip is comfortable, appears to be durable and well-made, and my Flexvit Revolve fabric bands fit through the opening (although it is difficult to stack two Revolve bands in the handle). The bad news, most of my Serious Steel, Quantum etc. latex bands do not fit.

It's not the width of the band, although the limit there appears to be 1.5". Rather, band thickness is the issue. Anything 4-5mm thick or thicker cannot be used. For Quantum, the orange and yellow 41" bands work, the red, black and larger sizes do not. All of my Serious Steel bands are problematic. For Clench, only the 41" orange band fits.

### About this item

- **[Unique Lecardio Handles for Resistance Bands]** Introducing our unique Lecardio handles designed specifically to protect your hands during resistance band workouts. Please note that this product includes one pair of handles without resistance bands and is suitable for pull up assistance bands. With our high-quality handles, you can enjoy your workout without any discomfort or pain in the hands.
- **[Comfortable and Secure Grip]** Using resistance bands with handles will give you a comfortable and secure grip, allowing you to focus on your exercises and achieve better results. Our handles are designed to be the perfect companion for your resistance band workouts.
- **[Ideal for Heavy-Duty Resistance Bands]** With a 5mm/0.2in gap in the middle, our handles are perfectly compatible with resistance bands wider than 0.74in. For narrower bands, a large handle may cause slippage, and we recommend opting for the smaller handle. Whether you're an experienced athlete or a beginner, our handles will help you achieve maximum results from your resistance band workout.

### Product Description

#### Two different sizes of resistance band handles

We've developed two versatile resistance band handles that cater to different band widths. Customers can now select the ideal handle based on their specific requirements. The smaller handle size is designed for resistance bands measuring less than 0.74 inches in width. It may be challenging to fit wider bands into this handle. On the other hand, the larger handle size accommodates resistance bands wider than 0.74 inches. Smaller bands might slip off the handle during usage.

**Protect Your Hands and Enhance Your Workout with a High-Quality Resistance Band Handle**

Resistance bands are a fantastic way to keep in shape and build strength. However, if you've ever tried working out with resistance bands without a handle, you know that it can be uncomfortable or even painful on your hands. This is where the handle comes in.

The handle is an essential component of resistance band exercises. It is designed to provide a comfortable, non-slip grip that protects your hands from injury and helps you achieve better results during your workout.

Not only does the handle protect your hands, but it also allows you to perform a wider range of exercises more effectively. With the help of a handle, you can perform curls, stretches and other resistance band exercises with more precision and ease.

### Handles Featuring Innovative Arc Structure Design

Our smartly designed arc structure helps to keep your bands from wearing out over time, ensuring that they last longer. Say goodbye to worry of band wear and tear and hello to a longer-lasting workout experience with our resistance bands handles with arc structure design!

### Frosted Surface

To enhance grip and prevent slippage, we've applied a frosted surface to the handle. This not only ensures a secure hold during use but also provides a refined and comfortable feel.

### 5mm/0.2in Wide Gap

With a 5mm/0.2in gap in the middle, it accommodates adaptive resistance bands wider than 0.74in. Please note that it is not suitable for bands narrower than 0.74in as they may slip off.

### Elevate Your Resistance Band Workout with Our Comfortable and Controlled Grip Handles - Comparable to Lifting Dumbbells!

Experience a whole new level of comfort and control with our resistance band handles! Unlike using resistance bands on their own, our handles give you a sturdy grip, allowing you to focus on your workout without worrying about slippage or discomfort. With a feel that's similar to lifting dumbbells, our handles are designed to distribute weight evenly across your hand, reducing strain and letting you work out for longer.

Pibbibbin

★★★★☆ Beware: Opening too Narrow for Most of my Bands

Reviewed in the United States on August 22, 2023

Color: 2 Black Handles | Verified Purchase

The good news? The grip is comfortable, appears to be durable and well-made, and my Flexvit Revolve fabric bands fit through the opening (although it is difficult to stack two Revolve bands in the handle). The bad news, most of my Serious Steel, Quantum etc. latex bands do not fit.

It's not the width of the band, although the limit there appears to be 1.5". Rather, band thickness is the issue. Anything 4-5mm thick or thicker cannot be used. For Quantum, the orange and yellow 41" bands work, the red, black and larger sizes do not. All of my Serious Steel bands are problematic. For Clench, only the 41" orange band fits.

### About this item

- [Unique Lecardio Handles for Resistance Bands]** Introducing our unique Lecardio handles designed specifically to protect your hands during resistance band workouts. Please note that this product includes one pair of handles without resistance bands and is suitable for pull up assistance bands. With our high-quality handles, you can enjoy your workout without any discomfort or pain in the hands.
- [Comfortable and Secure Grip]** Our handles are covered with TPR material, which offers the best combination of comfort, anti-slip protection, and sweat-proofing. Using resistance bands with handles will give you a comfortable and secure grip, allowing you to focus on your exercises and achieve better results. Our handles are designed to be the perfect companion for your resistance band workouts.
- [Suitable for Resistance Bands Up to 1.8 Inches Thick]** Our innovative handle design ensures a perfect fit for your resistance band. With a 3.3mm/0.13in gap in the middle and the ability to accommodate adaptive resistance bands up to 4.6mm/0.181in thickness, our handles are compatible with most resistance bands available. Whether you're an experienced athlete or a beginner, our handles will help you maximize the results of your resistance band workout.
- [Durable and Arc-Designed Resistance Band Handles]** Our uniquely designed resistance band handle features innovative arc structure that

prevents band wear and tear, ensuring long-lasting workouts. Built from industrial-strength ABS material, our handle is both durable and portable, so you can take it with you wherever you go. Try our resistance band handles with an arc design today and protect your bands while optimizing your workout experience.

- **【Worry-Free After-Sales Service】** We take pride in the quality of our products and prioritize the satisfaction of our customers. While such cases are rare, there might be an instance where the middle gap of our resistance band handles could be too narrow to allow for proper insertion of the band. If you happen to face this issue, please reach out to us right away, and we'll be more than happy to provide you with a pair of replacement handles at absolutely no cost.

### From the brand

**Lecardio Fitness Products**  
We specialize in fitness products, providing high quality, innovative products to people who love fitness

### Product Description

#### Protect Your Hands and Enhance Your Workout with a High-Quality Resistance Band Handle

Resistance bands are a fantastic way to keep in shape and build strength. However, if you've ever tried working out with resistance bands without a handle, you know that it can be uncomfortable or even painful on your hands. This is where the handle comes in.

The handle is an essential component of resistance band exercises. It is designed to provide a comfortable, non-slip grip that protects your hands from injury and helps you achieve better results during your workout.

Not only does the handle protect your hands, but it also allows you to perform a wider range of exercises more effectively. With the help of a handle, you can perform curls, stretches and other resistance band exercises with more precision and ease.

#### Handles Featuring Innovative Arc Structure Design

Our smartly designed arc structure helps to keep your bands from wearing out over time, ensuring that they last longer. Say goodbye to worry of band wear and tear and hello to a longer-lasting workout experience with our resistance bands handles with arc structure design!

#### Comfortable and Sweat-Proof TPE-Covered Handles

Say goodbye to uncomfortable resistance band handles! Our premium handles are covered in TPE material, the best option for comfort, anti-slip protection, and sweat-proofing. With our handles, you'll get a comfortable and secure grip during your workouts, allowing you to focus on achieving your fitness goals without any distractions.

#### 3.3mm/0.13in Wide Gap

Get the perfect fit for your resistance band with our innovative handle design! Featuring a 3.3mm/0.13in gap in the middle and accommodating adaptive resistance bands up to 4.6mm/0.181in thickness, our handles are compatible with most resistance bands on the market. Whether you're a pro or just starting out, our handles will help you get the most out of your resistance band workout.

### Elevate Your Resistance Band Workout with Our Comfortable and Controlled Grip Handles - Comparable to Lifting Dumbbells!

Experience a whole new level of comfort and control with our resistance band handles! Unlike using resistance bands on their own, our handles give you a sturdy grip, allowing you to focus on your workout without worrying about slippage or discomfort. With a feel that's similar to lifting dumbbells, our handles are designed to distribute weight evenly across your hand, reducing strain and letting you work out for longer.

Travelers

★★★★★ **Great add to your gym equipment**  
 Reviewed in the United States on January 28, 2024  
**Verified Purchase**

I have been using a washcloth or hand towel to better get a grip on my bands. These grips easily fit over the largest bands and make flyers, lateral raises or standing presses easy.

Helpful | Report

Dang Quoc Thanh

★★★★☆ **It is rather hard and easy to hold.**  
 Reviewed in the United States on February 26, 2024  
**Verified Purchase**

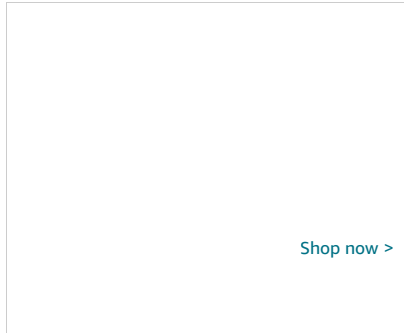

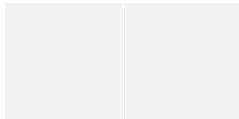

It is rather hard and easy to hold but It can not accommodate the biggest size of elastic band.

Helpful | Report

Roberto J. Z. S

★★★★★ **Mis dedos meñiques lo agradecen**  
 Reviewed in the United States on October 18, 2023  
**Verified Purchase**

Desde pandemia he estado entrenando con powerbands en casa. Las de mayor resistencia siempre descolocaban el dedo meñique al jalar. Conforme avanzaba con las repeticiones se hacía más molesto. Estas agarraderas solucionaron el problema. Son robustas y cómodas. Me permiten jalar y mantener el agarre de la mano sin alteraciones. Agradezco la opción de comprarlas por separado (generalmente vienen en combo con más ligas y de esas ya tengo). Después de usarlas por un mes creo que voy a dejar estas fijas con la liga más gruesa y ordenar otro par para las más delgadas.

Report

Derek

★★★★☆ **Nice But Too Wide for My Bands**

Reviewed in the United States on July 5, 2023

**Verified Purchase**

I bought these to use with my UnderSun Fitness bands, but the bands are too thick for these handles. I thought they probably were, but wanted to give them a try. Otherwise, they seems like a quality product.

(57) **CLAIM**

The ornamental design for a removable covered simple exercise band handle, as shown and described.

**DESCRIPTION**

FIG. 1 is an isometric view of the removable covered simple exercise handle.

FIG. 2 is an isometric sectional view of the handle of FIG. 2 cut along the plane indicated on FIG. 1.

FIG. 3 is a front view of the handle of FIG. 1.

FIG. 4 is a right side end view of a cross-section of the handle of FIG. 1 cut along the plane indicated in FIG. 3.

FIG. 5 is a right side end view of a cross-section of the handle of FIG. 1 cut along the plane indicated in FIG. 3.

FIG. 6 is a top view of the handle of FIG. 1.

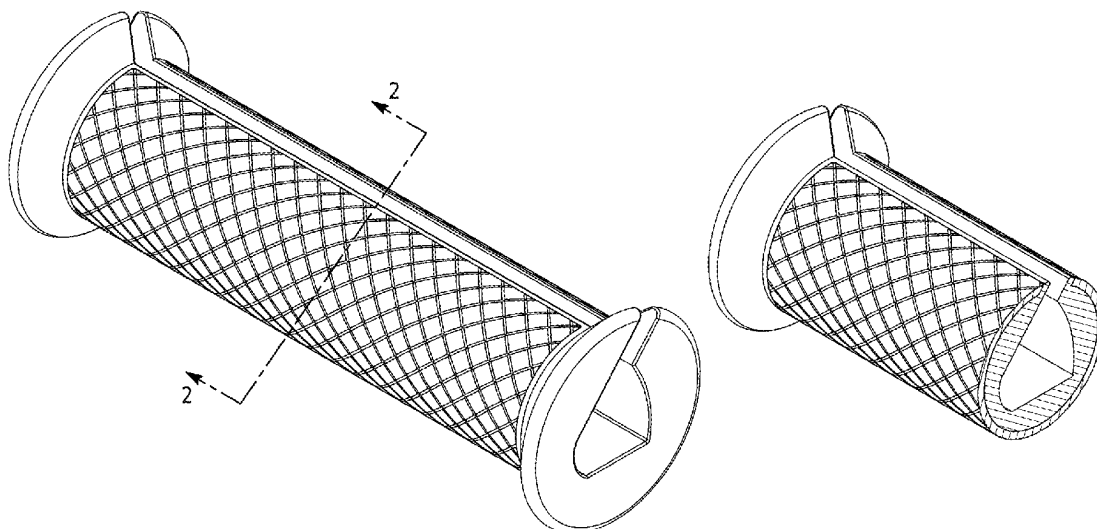

FIG. 7 is a front view of the handle of FIG. 1.

FIG. 8 is a bottom view of the handle of FIG. 1.

FIG. 9 is a left side end view of the handle of FIG. 1; and, FIG. 10 is a right side end view view of the handle of FIG. 1.

The broken line portions and cross-hatched portions of the drawings are for illustrative purposes only and form no part of the claimed design.

(57) **CLAIM**

The ornamental design for an exercise band handle, as shown and described.

**DESCRIPTION**

FIG. 1 is an isometric view of an example handle.  
 FIG. 2 is a top view of the handle of FIG. 1.  
 FIG. 3 is bottom view of the handle of FIG. 1.  
 FIG. 4 is a front view of the handle of FIG. 1.  
 FIG. 5 is a left side view of the handle of FIG. 1.  
 FIG. 6 is an isometric sectional view of the handle of FIG. 1; and,  
 FIG. 7 is a right side view of the cross-section of the handle of FIG. 6.  
 The back view of the design is the same as the front view. The right side view of the design is a mirror image of the left side view. The broken line portions and cross-hatched portions of the drawings are for illustrative purposes only and form no part of the claimed design. The black portions of the drawings represent color contrast in the design.

**Resistance Band Handles, Pull Up Tube Handles, Black/Orange Fitness Equipment, Protect Your Hands From Injury**

Brand: LECARDIO

- **Unique Training Tube Handle:** We created this training tube handle to protect your hands. Please note, the product is one pair of handles and the tube is not included. This handle is compatible with pull-up tubes
- **【Comfortable and Safety】** The grip is covered with TPR material for superior comfort, non-slip and sweatproof. By combining the tube and handle, you can enjoy your workout without worrying about hand pain
- **Maximum Resistance Band Width:** The gap in the middle of the handle is 0.1 inches (3.3 mm), and the thickness of the pull up tube is up to 0.1 inches (4.6 mm). Most pull-up tubes on the market are 3mm to 4.5mm thick. If your chin up tube is less than 4.6mm, please rest assured to buy
- **【Durable and Portable Handle】** The handle is made of industrial plastic, very durable and long lasting. It is also small and convenient to carry. You can put it in your pocket or backpack and exercise outdoors
- **(Complete after-sales service)** You can buy with confidence. If you are not satisfied with the product, we offer a return policy. Buy your training tube handle with confidence!

### LECARDIO Handles for Resistance Bands, for Pull Up Assistance Bands, Protect Your Hands from Injury

**\$45.99**

- ✓ **Unique Lecardio Handles for Resistance Bands**Introducing our unique Lecardio handles designed specifically to protect your hands during resistance band workouts. Please note that this product includes one pair of handles without resistance bands and is suitable for pull up assistance bands. With our high-quality handles, you can enjoy your workout without any discomfort or pain in the hands.
- ✓ **Comfortable and Secure Grip**Our handles are covered with TPR material, which offers the best combination of comfort, anti-slip protection, and sweat-proofing. Using resistance bands with handles will give you a comfortable and secure grip, allowing you to focus on your exercises and achieve better results. Our handles are designed to be the perfect companion for your resistance band workouts.
- ✓ **Suitable for Resistance Bands Up to 1.8 Inches Thick**Our innovative handle design ensures a perfect fit for your resistance band. With a 3.3mm/0.13in gap in the middle and the ability to accommodate adaptive resistance bands up to 4.6mm/0.181in thickness, our handles are compatible with most resistance bands available. Whether you're an experienced athlete or a beginner, our handles will help you maximize the results of your resistance band workout.
- ✓ **Durable and Arc-Designed Resistance Band Handles** Our uniquely designed resistance band handle features innovative arc structure that prevents band wear and tear, ensuring long-lasting workouts. Built from industrial strength ABS material, our handle is both durable and
