II. JURISDICTION AND VENUE

3. This Court has original subject-matter jurisdiction over the entire action
pursuant to 28 U.S.C. §§ 1331 and 1338(a) because Plaintiff's claim arises under an
Act of Congress relating to patents, namely, 35 U.S.C. § 271.

28

4. This Court has personal jurisdiction over Defendant because: (i) Defendant is
 present within or has minimum contacts within the State of California and this judicial
 district; (ii) Defendant has purposefully availed itself of the privileges of conducting
 business in the State of California and in this judicial district; and (iii) Plaintiff's cause
 of action arises directly from Defendant's business contacts and other activities in the
 State of California and in this judicial district.

9 5. Venue is proper in this district under 28 U.S.C. §§ 1391(b) and 1400(b). 10 Defendant has committed acts of infringement and has a regular and established place 11 of business in this District. Further, venue is proper because Defendant conducts 12 13 substantial business in this forum, directly or through intermediaries, including: (i) at 14 least a portion of the infringements alleged herein; and (ii) regularly doing or 15 soliciting business, engaging in other persistent courses of conduct and/or deriving 16 17 substantial revenue from goods and services provided to individuals in California and 18 this District.

III. Infringement of the '380 Patent

6. On July 10, 2018, U.S. Patent No. 10,021,380 ("the '380 patent", included as
Exhibit A and part of this complaint) entitled "Faster State Transitioning for
Continuous Adjustable 3Deeps Filter Spectacles Using Multi-Layered Variable Tint
Materials" was duly and legally issued by the U.S. Patent and Trademark Office.
Plaintiff owns the '380 patent by assignment.

28 7. The '380 patent relates to methods and systems for modifying an image.

1 8. Defendant maintains, operates, and administers systems, products, and services 2 in the field of automotive manufacture that infringes one or more of claims of the '380 3 patent, including one or more of claims 1-30, literally or under the doctrine of 4 5 equivalents. Defendant put the inventions claimed by the '380 Patent into service (i.e., 6 used them); but for Defendant's actions, the claimed-inventions embodiments 7 involving Defendant's products and services would never have been put into service. 8 9 Defendant's acts complained of herein caused those claimed-invention embodiments 10 as a whole to perform, and Defendant's procurement of monetary and commercial 11 benefit from it. 12

- 9. Support for the allegations of infringement may be found in the preliminary
 exemplary table attached as Exhibit B. These allegations of infringement are
 preliminary and are therefore subject to change.
- 17 10.Defendant has and continues to induce infringement. Defendant has actively 18 encouraged or instructed others (e.g., its customers and/or the customers of its related 19 20 companies), and continues to do so, on how to use its products and services (e.g., 21 systems and methods related to modifying an image) such as to cause infringement of 22 one or more of claims 1-30 of the '380 patent, literally or under the doctrine of 23 24 equivalents. Moreover, Defendant has known of the '380 patent and the technology 25 26 27 28

¹ underlying it from at least the filing date of the lawsuit.¹ For clarity, direct
² infringement is previously alleged in this complaint.

- 11.Defendant has and continues to contributorily infringe. Defendant has actively 4 5 encouraged or instructed others (e.g., its customers and/or the customers of its related 6 companies), and continues to do so, on how to use its products and services (e.g., 7 systems and methods related to modifying an image) such as to cause infringement of 8 9 one or more of claims 1-30 of the '380 patent, literally or under the doctrine of 10 equivalents. Moreover, Defendant has known of the '380 patent and the technology 11 underlying it from at least the filing date of the lawsuit.² For clarity, direct 12 13 infringement is previously alleged in this complaint.
- 12.Defendant has caused and will continue to cause Plaintiff damage by direct and
